Introduction

This is the first edition of *A National Directory of Services and Programs for Men who are or Have Been Victims of Violence*. It is one of a series of directories prepared by the National Clearinghouse on Family Violence under the Federal Family Violence Initiative.

This directory provides a current listing of 400 service providers who address the needs of adult male survivors/victims of violence and abuse. The listings are presented by province/territory from the east to west coast and, within each province/territory, alphabetically by town or city.

Men seeking services should be clear whether they are seeking services as a perpetrator or as a victim. Referrals may be obtained from doctors, local health or community clinics, employee assistance programs, social workers and First Nations healing centres. Local police victim services may also provide services to men, and Canadian embassies or consulates can be contacted by Canadians who are abroad.

Each listing identifies the type of service provided (information/referral, shelter, counselling, education, advocacy), and specifies whether bilingual service is available, whether fees are charged for services, and whether services are limited to a specific group. The coding for these categories is described after the introduction.

The contact information provided in each listing may include: street or mailing address; administrative telephone number; crisis telephone number; facsimile number; e-mail address; and web site. Some listings also include a toll free number, which is generally accessible only within the local calling area. However, the toll free numbers for the National Clearinghouse on Family Violence can be used across Canada.

Introduction

Ceci est la quatrième mise à jour du la première édition du *Répertoire national des services et programmes destinés aux hommes qui sont ou ont été victimes de violence*. Il fait partie d'une série de répertoires préparés par le Centre national d'information sur la violence dans la famille, dans le cadre de l'Initiative de lutte contre la violence familiale lancée par le gouvernement fédéral.

Ce répertoire présente une liste à jour de 400 fournisseurs de services qui répondent aux besoins des hommes adultes qui sont ou qui ont été victimes de violence et d'abus. Les inscriptions sont énumérées par province et territoire, d'est en ouest, et, dans chaque province et territoire, dans l'ordre alphabétique des municipalités et des villes.

Les hommes qui veulent utiliser ces services devraient préciser si cela est en tant qu'agresseur ou victime. Un renvoi peut être obtenu auprès des médecins, des cliniques sanitaires ou communautaires, des programmes d'aide aux employés, des travailleuses et travailleurs sociaux, et des centres de guérison des Premières nations. Les services destinés aux victimes offerts par les services de police locaux peuvent aussi venir en aide aux hommes. Les Canadiennes et Canadiens qui voyagent à l'étranger peuvent communiqués avec les ambassades et les consultats canadiens.

Chaque inscription indique le type de service offert (renseignement/renvoi, hébergement, counselling, éducation, intervention), et précise si des services bilingues sont disponibles, si des frais sont exigés pour les services et si les services sont limités à un groupe particulier. Les codes désignant ces catégories sont décrits après l'introduction.

Please note that we have not attempted to evaluate the servives in this directory.

If you are aware of any changes or additions that should be made to these listings, please let us know.

C.A.V.A.C.= Centre d'aide aux victimes d'actes criminels

C.L.S.C. = Centre local des services communautaires

Tous les CLSC sont en mesure d'accueillir les hommes victimes de violence familiale et de faire avec eux une première évaluation de leur situation. Toutefois, les ressources d'intervention thérapeutique à plus long terme sont assez variables selon les régions et les établissements concernés. Les CLSC sont en mesure de connaître les ressources existant dans leur communauté et de bien orienter les hommes qui s'adressent à eux.

Vous pouvez consulter votre annuaire téléphonique pour le CLSC de votre région ou téléphoner à l'Association des CLSC du Québec.

CLSCs are equipped to receive men who are victims of family violence, and to conduct initial assessments of their situation. Resources for long-term therapeutic intervention, however, vary depending on the region and facility. The CLSCs can identify existing resources in their respective community and refer clients as necessary.

See your phone book for the CLSC in your area or phone the Quebec Association of CLSCs.
